## Introduction

FDOT provides the Broward Metropolitan Planning Organization (MPO) with a database annually in April for developing the MPO's Transportation Improvement Program (TIP). The database is derived from the Florida Department of Transportation (FDOT) Tentative Work Program that is to be adopted on July 1. The TIP is also adopted in July. Year one of the TIP and the work program should always match. However, when the new TIP and Work Program are adopted in July, there are often projects that were supposed to get authorized and encumbered prior to June 30, for various reasons, but did not. These projects will automatically roll forward in the Work Program, but will not roll forward in the TIP. Hence, the TIP must be amended to include these projects and match the Work Program. This is accomplished by what is known as a Roll Forward TIP Amendment. The amendment occurred annually in July.

Broward MPO received the proposed Roll Forward TIP Amendment request from FDOT on July 2, 2021. This is the first amendment to the MPO's newly adopted FY 2022-2026 TIP. The MPO Board is required to make a decision on its approval.

## Federal Fiscal Years (FFY) 2022 Roll Forward TIP Amendment Overview

The Roll Forward TIP Amendment includes 141 projects worth of \$366 million rolling forward into the TIP. The amendment rolls \$270 million transit funds making up 74% of total roll forward funding amount, \$93 million highway funds representing about 25% of total roll forward funding amount, and \$3.3 million rail funds accounting for 1% of total roll forward funding amount.

## Broward MPO Attributable Funds

The amendment includes 14 projects worth of about \$1.5 million MPO attributable funds rolling forward. These projects are presented in the following table.
