

ARE YOU TIRED OF  
**SITTING**  
IN  
**TRAFFIC?**

A recent study showed that  
Americans spend an average of

**52** hours

a year stuck in traffic. That's more than  
two days a year you can never  
get back.

**The Broward Metropolitan Planning Organization**  
is aware that you want to use your time wisely,  
and we want to

**HELP YOU**

get to where you need to be  
as quickly as possible.

**Commitment 2040**

Our Long Range Transportation Plan (LRTP), is the

**BLUEPRINT  
FOR THE FUTURE**

of Broward's transportation system beginning now  
through the next three decades. We want those who  
live and work in Broward to have a role in building on  
existing transportation assets, identifying their  
shortcomings and recommending actions that will  
improve your quality of life within Broward.

The Broward MPO oversees and establishes  
transportation policies within Broward. Commitment  
2040 sets a vision for transportation in Broward and  
is updated every five years in order to adapt to  
your growth.

In order to plan your future, we need **your help**.

Your ideas and input will help us build a world-class  
transportation system that we can all be proud of.  
This plan will select projects that

**MOVE PEOPLE, CREATE  
JOBS AND STRENGTHEN  
COMMUNITIES**

within Broward now and in the future.
