

# BREAKING GROUND IN THE CITY OF FORT LAUDERDALE

## STREETSCAPE IMPROVEMENT PROJECT FOR DOWNTOWN FORT LAUDERDALE MOBILITY HUB

**GROUNDBREAKING CEREMONY | SEPTEMBER 13, 2019**  
**10 A.M. | NW 1ST AVENUE & NW 2ND STREET**

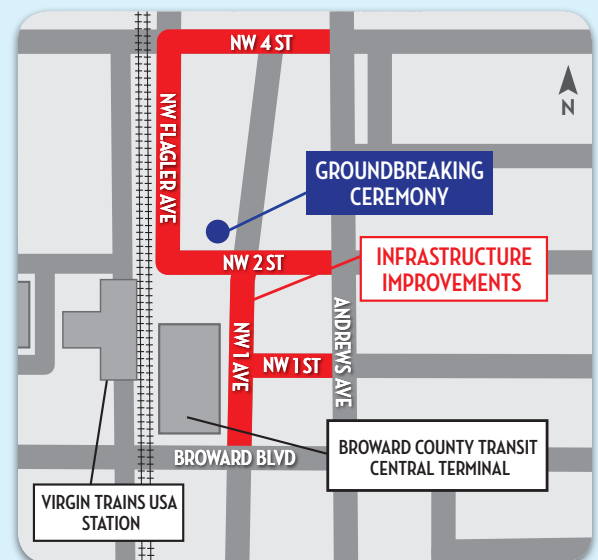

Join us for a groundbreaking ceremony to celebrate the start of a \$3.5 million streetscape improvement project for the Downtown Fort Lauderdale Mobility Hub!

This project features infrastructure improvements within a multi-block area that will improve mobility and connect people to various transportation choices such as Virgin Trains USA (formerly Brightline), regional express and local bus service by Broward County, shuttle service to Tri-Rail, and Sun Trolley.

The City of Fort Lauderdale is managing the design and construction. The Broward Metropolitan Planning Organization is providing funds for the project through a Federal Transit Administration grant.

Infrastructure improvements include wide sidewalks, shade trees, pedestrian lighting, dedicated bicycle facilities, and crosswalks, which support mixed-use development.
