Notes: (1) ARTPLAN 2012 produces LOS results for the peak direction only.

⁽²⁾ ARTPLAN only considers a segment with a signalized intersection at its terminus; therefore, the Auto LOS results from ARTPLAN do not apply to the context of these corridors.

⁽²⁾ ARTPLAN only considers a segment with a signalized intersection at its terminus; therefore, the Auto LOS results from ARTPLAN do not apply to the context of these corridors.

⁽³⁾ The future condition results for Sunset Strip were calculated using uninterrupted flow since the traffic signal on the corridor will be replaced by a roundabout.
