

The Broward MPO would like to **HEAR** your ideas

about countywide transportation issues that could potentially be addressed in future transportation planning studies.

The Broward Metropolitan Planning Organization's (Broward MPO) **Business Plan**, also known as the **Unified Planning Work Program (UPWP)** is updated every two years. The **UPWP** describes proposed transportation planning activities and associated costs, to be accomplished in Broward County by the Broward MPO during the period July 1, 2012 to June 30, 2014.

If you travel by air, sea or train, are there improvements we need to consider that would benefit Broward County as a whole?

When you walk or bicycle in Broward County, what issues do we need to know about? Are there particular areas of Broward County that come to mind?

Think about your trip to work, school, medical appointment, or to the mall. If you go by car or bus what improvements would you suggest and where?

Please submit your ideas

by Friday, February 3, 2012 via mail, fax, e-mail or call Roger Del Rio at (954)-876-0040. You can also call the general office number at (954)-876-0033. (TDD) 1-800-273-7545 fax: (954)- 876-0062 email: info@browardmpo.org

Scan this QR code on your smart phone to view the UPWP webpage

A DRAFT UPWP will be available for review on the Broward MPO website www.browardMPO.org, and at our MPO office location in March, 2012 so **STAY TUNED!**
