

2019 Federal Certification

Every four years our partners at the Federal Highway Administration and Federal Transit Administration conduct an evaluation of the Broward MPO's effectiveness as an agency. Your feedback is an essential part of this review.

We're calling all partnering agencies to provide direct input on how we can include and inform you on the transportation planning process.

Join us April 8-9, 2019* to give your feedback!

*More details on schedule will become available soon.
For more information, contact Carl Ema at emac@browardmpo.org.
