**RE: Administrative Amendments to the Broward Metropolitan Planning Organization (MPO)'s Fiscal Years' 2017/18 through 2021/22 Transportation Improvement Program (TIP)**

Dear Mr. Stuart:

The purpose of this letter is to request that you approve two (2) administrative amendments to the Broward MPO's Transportation Improvement Program (TIP) for FY 2017/18 through 2021/22 TIP to reconcile differences between the TIP and the Department's Adopted Five Year Work Program. As you are aware, the FY 2018/19 through 2022/23 TIP will not become recognized as effective for federal purposes until October 1, 2018. Until then, the FY 2017/18 through 2021/22 TIP will be used by FHWA and FTA for authorization of funds. The differences between the two documents need to be reconciled so that your current TIP includes the most accurate and up-to-date information.

This request follows the process outlined in Federal Aid Technical Bulletin 04-01, dated June 10, 2004. All of the project information contained in this request is exactly as it appears in the FY 2018/19 through 2022/23 TIP that was approved by your Board on July 12, 2018. Your approval of this request will eliminate the differences between the two documents for federally funded projects that will require federal authorization before October 1, 2018, as well as confirm their consistency with the Broward MPO's current Long Range Transportation Plan (LRTP). This process will not replace the usual committee review and Board approval that is followed for regular TIP amendments that are required at other times of the year. This action will simply reconcile the documents for the period between the beginning of the State and Federal fiscal years.

The projects submitted for your approval are listed in the attached Table I.

Please acknowledge your approval of these administrative amendments to your current TIP by signing this letter and returning it to this office for further processing. In addition, please provide updated FY 2017/18 through 2021/22 TIP pages for the STIP tool for these projects. The Department appreciates your expeditious handling of this request. If you have any questions, please feel free to contact me at (954) 777-4561.

Sincerely,

Myroslava Skoroden,
