

# Pompano Education Corridor Transit Study

June 3<sup>rd</sup>, 2015

# Agenda Overview

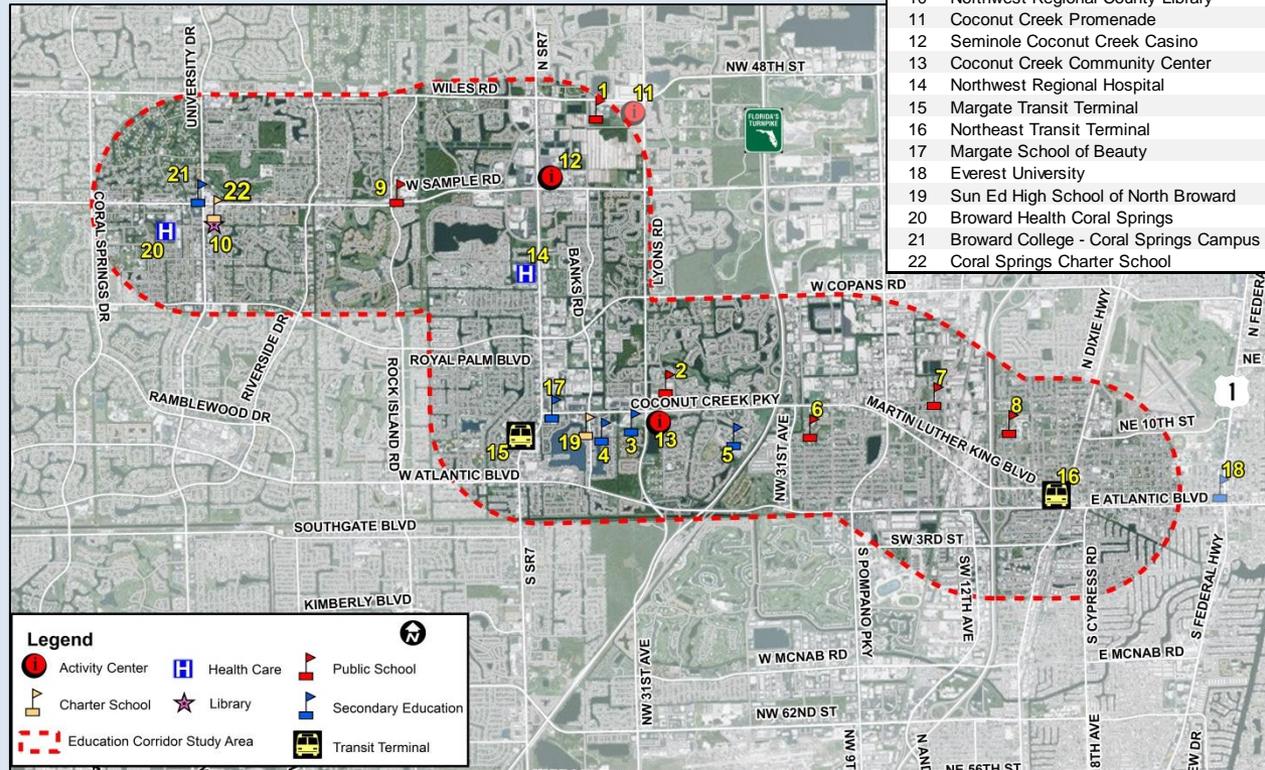

- Project Introduction
- Existing Conditions
- Cities' Transit Service Objectives
- Introduce the Online Survey
- Map Exercise

# Project Introduction

## Overall Purpose

- To improve transit access to educational facilities
- Determine the feasibility of a new transit service to achieve this goal
- Focus on improvements that can be implemented in the near- and mid-term horizons

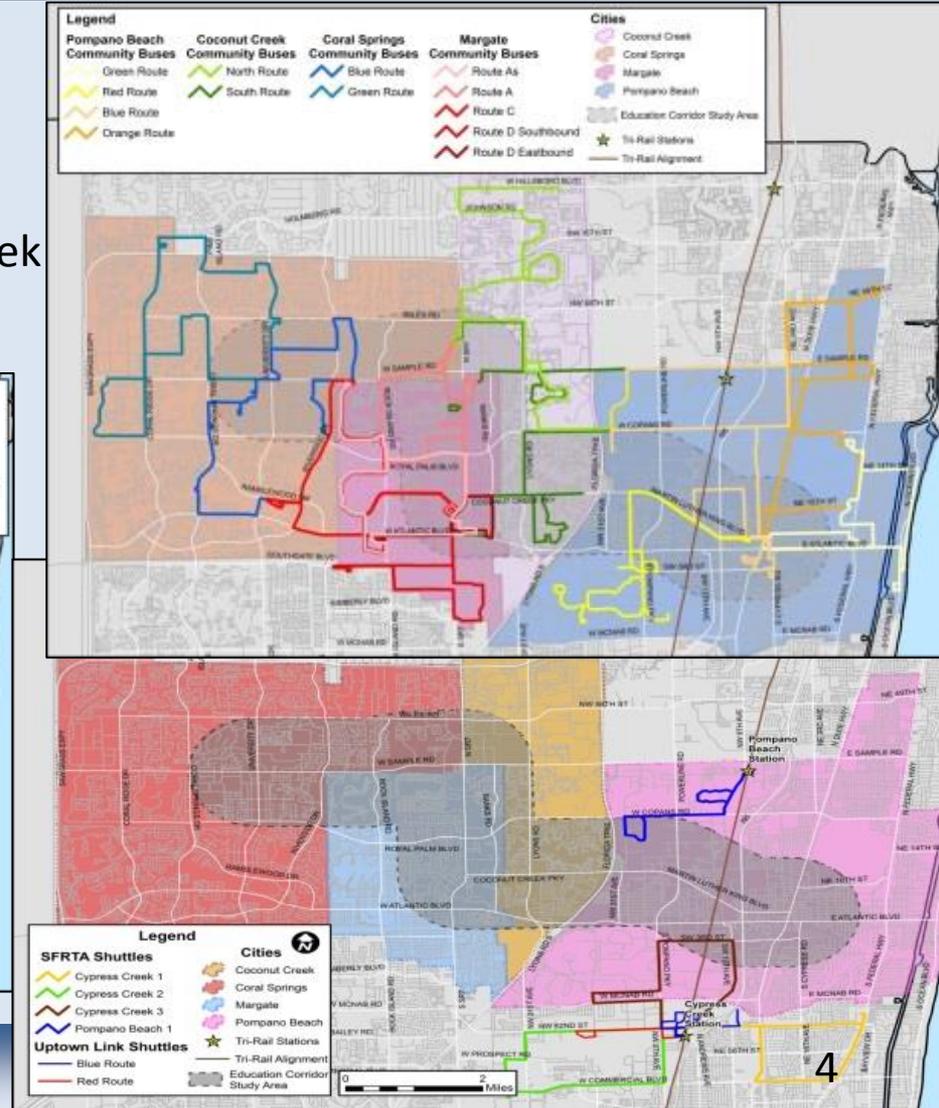

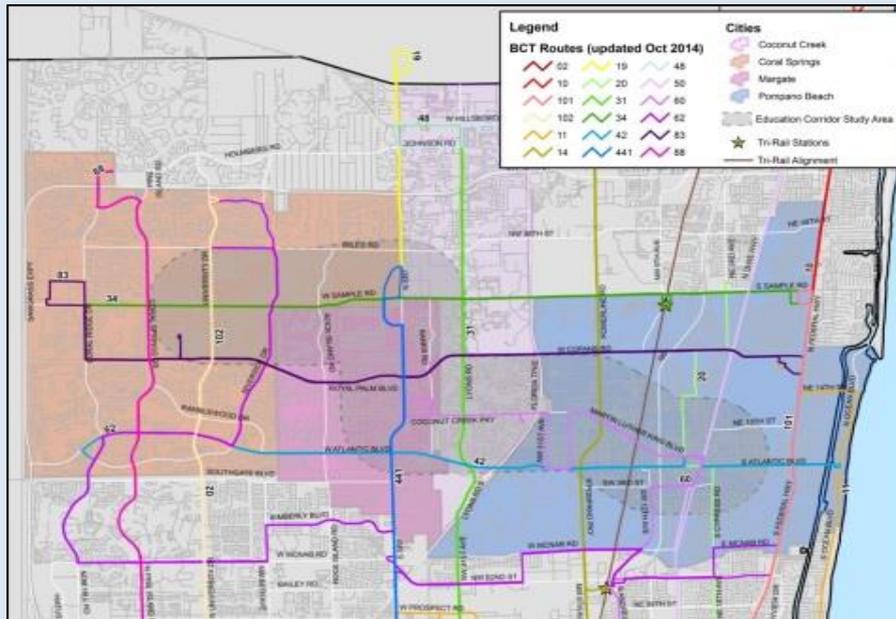

# Existing Transit Characteristics

## Existing Transit Operations

- 18 BCT routes
- 11 Community Bus Routes
- 6 'near-by' Tri-Rail Shuttles: Cypress Creek and Pompano Beach Tri-Rail Stations

# Existing Transit Characteristics

## Existing Transit Operations

- Community buses currently focus service around downtown termini
  - Provides key transfers
  - Provide little to no inter-city connectivity
- Community buses are circuitous and frequencies are low
- There are major intersections / bus stops with high levels of ridership
- BCT and community bus system integration can be improved

## Existing Demographics

	Coral Springs	Margate	Coconut Creek	Pompano Beach	Broward County
Total Pop	126,604	55,456	56,792	104,410	1,748,066
Land Area (sq.mi.)	23.79	8.85	11.85	24	1,320
Pop Growth	4.5%	4.1%	7.3%	4.6%	5.2%
% under 18	26.6%	20.5%	21.5%	18.3%	22.4%
% over 65	7.9%	19.1%	18.4%	18.9%	14.5%
Median HH Income	\$64,753	\$42,029	\$53,543	\$40,221	\$51,251
Total Workers	70,096	29,203	29,329	50,346	966,642
% Transit Work Trips	1.2%	2.6%	1.1%	4.4%	2.9%
Mean Travel Time to Work (mins)	27	29	25	25	27.2
Anticipated Growth by 2040**	21,000+	3,000+	5,500+	14,000+	210,000+

# Existing and Future Population Densities

2010

2040

## Existing Demographics

- Coconut Creek has the highest % of population growth since 2010
- Coral Springs and Pompano Beach have the most anticipated growth by 2040
- Coral Springs has a younger population comparatively, as well as the highest median HH income
- Pompano has the highest share of work trips by transit (4.4%)
- Majority of the corridor has existing density levels that can support an intermediate level of fixed-route transit service

# Land Use Characteristics

- Municipalities and CRAs are focusing on revitalizing downtown areas with a compact, vibrant, walkable downtown with mixed land uses made more accessible with a coordinated transit service
- Focusing (re)development/density within walking distance of (enhanced) transit – SR 7, Sample Rd, University Dr, Coconut Creek Pky, US 1, Dixie Hwy

## City Transit Service Objectives

### 1. Improved Transit Access for Educational Institutions

- Direct service; inter-city service

### 2. Support for Planned Development

- Especially city centers, CRAs
- Walkability, complete streets – revitalize SR 7
- Mobility hubs

### 3. Continuous East – West Transit Service

- Premium service on Sample
- Bus (that) makes a complete end to end connection from a western to an eastern terminus and back
- Eliminate forced transfers at SR 7

## Guiding Transit Service Concepts

- High profile, visible service with unique identity (Branding)
  - Vehicles, stations, and facilities
- Stations and facilities should enhance visibility and contribute to sense of permanence
  - Integrated with existing and planned developments
- Robust service plan
  - 10 minute headways
  - Faster service – wider stop spacing, transit signal priority, queue jumps, etc.
  - All day service span

## Mapping Exercise

# LET'S GET TO MAPPING!

*Which neighborhoods have the hardest time getting to school?*

*Where do your students come from to get to class?*

*How do your students travel to school?*

*What barriers or impediments exist that prevent current or potential students from getting to class?*

*Where would you have a new shuttle service go?*

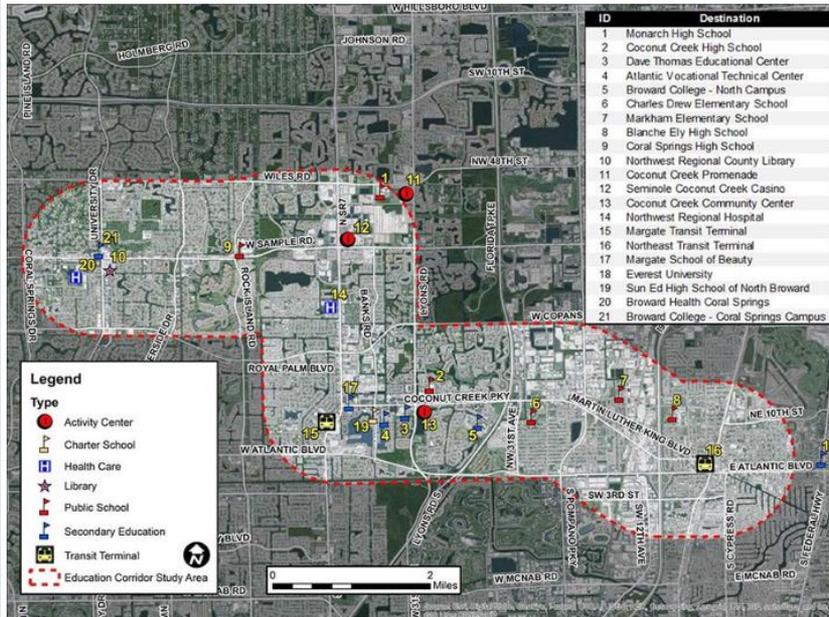

# Online Survey

1. Where do you live? Enter your street address or click [HERE](#) to enter your location on a map. Don't forget to click **SUBMIT ENTRY** when you're done, and navigate back to the survey.

2. How old are you?

- 18 or younger
- 19-25
- 26-35
- 36-55
- 56 or older

3. Look at the map image below- which of these places do you visit on a regular basis?

# Online Survey

4. Are there other popular destinations that are missing from the above map?

5. In a typical day, where do you travel to? Work? School? Grocery store? Drug store? Community center? Please use the text boxes below to list places you go to on a regular basis. Please provide the business name and street address (i.e. Location 1: Wal-Mart; Address 1: State Road 7 at Sample Road), or click [HERE](#) to enter locations on a map. Don't forget to click **SUBMIT ENTRY** when you're done, and navigate back to the survey.

Location 1	<input type="text"/>
Address 1	<input type="text"/>
Location 2	<input type="text"/>
Address 2	<input type="text"/>
Location 3	<input type="text"/>
Address 3	<input type="text"/>
Location 4	<input type="text"/>
Address 4	<input type="text"/>

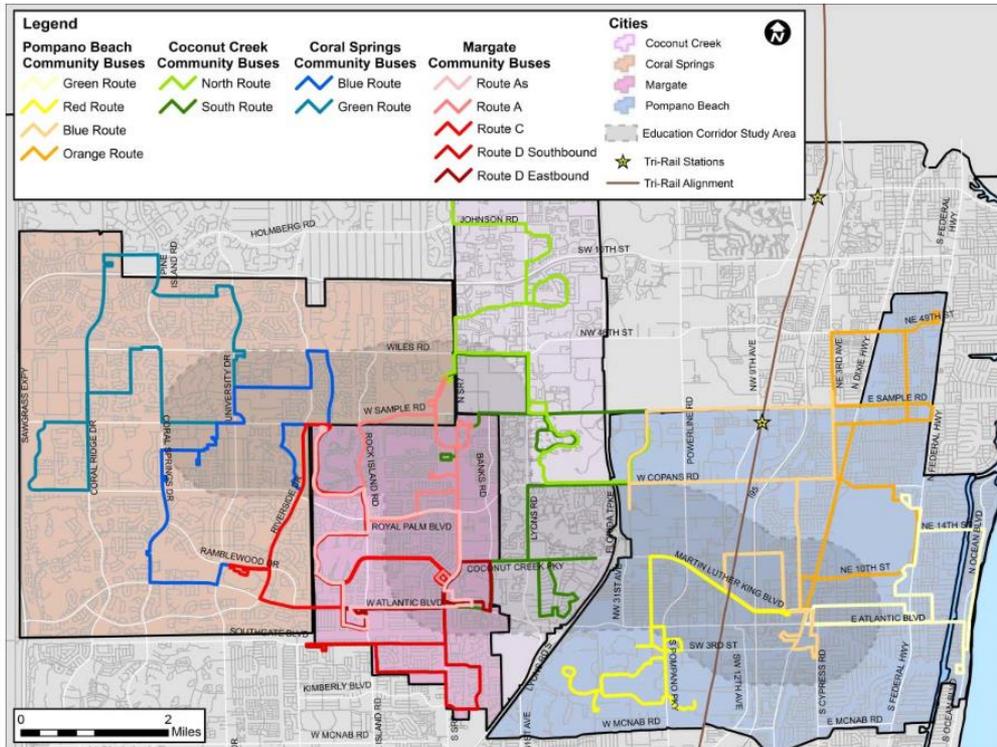

Next

# Online Survey

6. How often do you ride the bus (either BCT or Community Bus)?

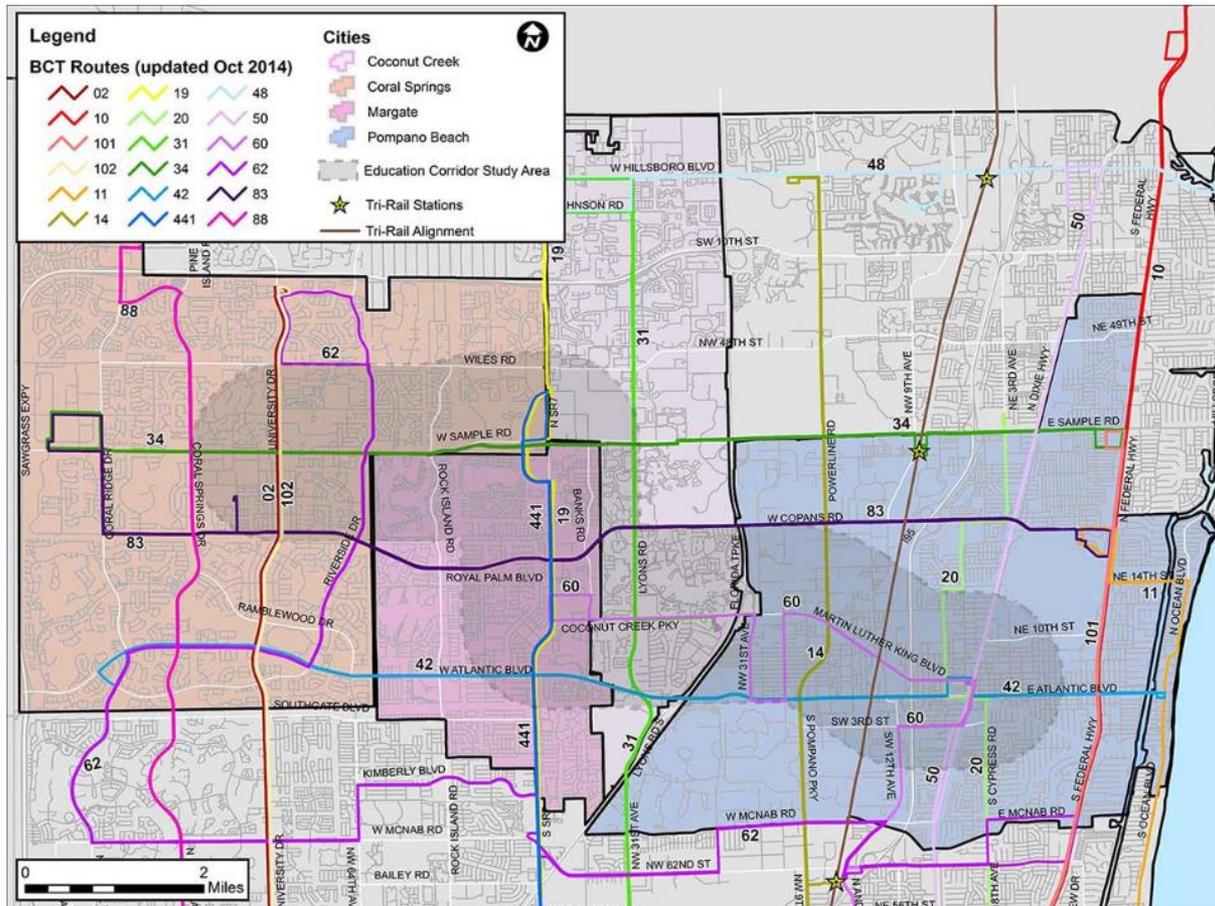

- Ride daily
- More than once a week but not every day
- Less than once a week
- Never

7. Which Community Bus routes, shown on the map above, do you take regularly? Enter all that apply, if none enter N/A.

# Online Survey

8. Which BCT routes, shown on the map above, do you take regularly? Enter all that apply, if none enter N/A.

# Online Survey

## 9. How often does your bus ride involve a transfer?

- Every day
- A few times per week
- Never

## 10. What discourages you from taking the bus? Select all that apply.

- The bus route doesn't go where I need to go
- The bus stop is too far away from where I live
- The bus doesn't come frequently enough
- The bus doesn't run on time
- I have to transfer and it takes too long for the second bus to arrive
- The bus is too expensive
- I don't feel safe walking or bicycling to the station
- I don't feel safe on the bus
- I don't feel safe waiting for the bus
- I take the bus regardless of what discourages me.

Other (please specify)

# Online Survey

**11. What specific improvements would encourage you to ride the bus? Which would encourage you to ride more often? Select all that apply. I would ride the bus more often if...**

- ...the bus stopped closer to where I need to go.
- ...the bus stopped closer to where I live.
- ...the bus came more frequently.
- ...the bus consistently ran on time.
- ...I don't have to transfer to a second bus.
- ...when I transfer, the second bus arrives quickly.
- ...the bus fare is free.
- ...the bus fare is discounted for students or if I can use my student ID as a bus pass.
- ...I felt safer walking or bicycling to the bus stop.
- ...the walk/bike ride to the station stop is safer.
- ...there are safety/security improvements on buses.
- ...there are safer, more comfortable stations/stops- benches, shelters, improved lighting.

Other (please specify)

**12. I would ride the bus more if I had to wait no more than \_\_\_\_ minutes for the bus to arrive.**

**13. If I have to transfer, I am willing to wait no more than \_\_\_\_ minutes for the second bus to arrive.**

**14. What specific places or areas feel unsafe or need improvement? What improvements are needed? (Example: The bus stop at Copans Road and NW 3rd Avenue in Pompano Beach needs a cover for the rain).Please enter your responses below or click [HERE](#) to locate on a map. Don't forget to return to click SUBMIT ENTRY when you're done, and navigate back to the survey.**
