Description:

Metro Transportation Engineering & Construction Cooperative (MTECC) is seeking to execute a sole source purchase for HAPCO poles and Lithonia Lighting fixtures that were specified by the City of Coconut Creek ("City") to match existing lighting infrastructure across the City. The use of this specific assembly will allow for consistency of lighting infrastructure, simplicity of maintenance, and simplicity of replacement assemblies in the future.

Intended Source:

Power & Lighting Systems, Inc (Manufacturer's Representative)
3832 Shipping Avenue
Miami, FL 33146

**Estimated Dollar Amount:**

\$480,242.00

Justification for Sole Source Acquisition:

The manufacturers (HAPCO and Lithonia Lighting) do not sell the required poles and fixtures directly to consumers. The items are sold utilizing Power & Lighting Systems, Inc., their only manufacturer's representative in south Florida. Power & Lighting Systems, Inc. will request quotes from multiple authorized distributors who can provide the items.
